MEMORANDUM FOR THE ATTORNEY GENERAL

RE: ELIJAH MOHAMMED  
INTERNAL SECURITY - MCI

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 8/12/82 BY SP-4 [REDACTED]

The Muslim Cult of Islam (MCI) is composed entirely of Negroes. Its leader, Elijah Mohammed, claims to have been sent by Allah, the Supreme Being, to lead the Negroes out of slavery. Members fanatically follow the teachings of Allah as interpreted by Mohammed; they disavow allegiance to the United States; and they are taught they need not obey the laws of the United States. Allegations have been received that its members may resort to acts of violence in carrying out its avowed purpose of destroying non-Muslims and Christianity.

It is believed that a technical surveillance on the residence of Elijah Mohammed, 4847 South Woodlawn Avenue, Chicago, Illinois, telephone Draxel 3-0966, will furnish not only data concerning the fanatical and violent nature of the organization, but also data regarding the current plans of the MCI to expand its activities throughout the United States.

It is, therefore, requested that authorization be granted to install a technical surveillance on the residence of Elijah Mohammed or any address to which he may move in the future.

Respectfully,

John Edgar Hoover  
Director

The language in tapes E-110 and E-120 is URDU (or possibly HINDI). However it is too rapid to follow successfully.

E-110 was the record of several conversations between persons in Chicago and a [redacted] in Buffalo. The latter was there for a visit. The Buffalo number called was [redacted]. While the conversations were largely unintelligible, in one conversation the party in Chicago was telling [redacted] that he was going somewhere, to which [redacted] replied "Don't go!" A few phrases later the expression "it is dangerous" was heard. b7c

In one other conversation between these two men, [redacted] said there was "nothing new," and, "nothing to worry about."

The tape contained a conversation between two entirely different parties. The only intelligible part was when the party called said his new address was [redacted].

E-120 was entirely unintelligible.

SUMMARY FROM HINDUSTANI

Reel 63

The two speakers appear to be arranging a meeting - one says something about "will meet" and the other says in effect "yes, will meet." The phrase "will come" was also heard. After the "meeting" part - the verb "to ask" was heard - and towards the end the words "will have a drink" were heard. At the very end one speaker sets a time "40 minutes." The other repeats the phrase "40 minutes" in a tone of surprise. Then something about being dirty was heard after which "40 minutes" is agreed upon.

CG 100-6989-Sub 2

17. Remarks (by SAC):

Recommend continuance.

ELIJAH MUHAMMAD is the National Leader of the Nation of Islam (NOI), an extremely nationalistic Negro organization whose male members participate in military drill and judo training. The NOI regards the United States Government, persons of the white race and Christianity as their enemies which must be destroyed. The aim of the NOI is to unify the Negro race and establish for the Negro a nation in this country free and independent of the white race and separation of the races politically, economically and spiritually. MUHAMMAD has stated that the Negro should have a state or a group of states in this country for his own.

Inasmuch as the NOI teaches that the United States and the white race must and will be destroyed; that members, upon interview, have stated they owe no allegiance to the United States and would not support the United States in time of national emergency as they do not consider themselves citizens of this country, but rather, slaves; and because members have in the past become engaged in physical violence with various police departments, the organization is considered potentially dangerous to the security of this country. MUHAMMAD has stated that if he had 500 loyal followers he could take over Chicago, and if he had 10,000 loyal followers he could take over the United States.

Continued utilization of this tesur can be expected to furnish definite information regarding MUHAMMAD's proposed trip to the Middle East, along with the actual identities of the persons who might accompany him. It is expected that this source will continue to provide information regarding fund drives that the NOI might conduct and that this tesur will

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

CG 100-6989-Sub 2

continue to furnish information regarding activities, policies and programs of the NOI, as well as the identities of the various officials and individual members of the NOI who are in contact with MUHAMMAD. It is believed that this tesur will continue to furnish information regarding the personal health of ELIJAH MUHAMMAD and in some instances provide information regarding domestic difficulties of the sons and daughters of MUHAMMAD. It is believed that this tesur will continue to furnish information concerning the numerous businesses of the NOI and any new business ventures entered into by the NOI. It is felt that this tesur will also reveal identities of any representatives of foreign nations that might be in contact with MUHAMMAD.

**18. Recommendation by Assistant Director:**

(If this surveillance involves cryptanalysis, include statement that decrypted material is or is not sufficiently - important to continue decrypting.)

authorized 12/5/56,

This technical surveillance, on the residence of Elifjah Muhammad, 4847 South Woodlawn Avenue, Chicago, Illinois; was installed 1/4/57. Since that time the surveillance has furnished us with excellent intelligence information concerning the activities of Muhammad, who is the national leader of the Nation of Islam (NOI), other national NOI officers and their activities as well as the activities of the NOI itself. The NOI is an all-Negro violently antiwhite organization which teaches that the so-called Negro in the United States will some day own and occupy a separate black nation in North America. The activities of this organization are under active investigation to determine whether such activities bring the organization within the purview of Executive Order 10450 or in violation of any Federal statutes over which the Bureau has primary investigative jurisdiction.

This surveillance, during the past 90 days, has specifically furnished data concerning Muhammad's plans for a trip to the Middle East and the identities of some of the people who will accompany him on the trip; funds of the NOI; the identities of business and commercial enterprises of the NOI; the identities of NOI leaders and members in various cities throughout the United States and their contacts with Muhammad; and the activities of Muhammad generally.

Inasmuch as this installation furnishes us with information relating to the NOI on a national level, which is unavailable from other sources and coverage we have of this organization, it is serving a worthwhile purpose and it is strongly recommended it be continued for an additional 90 days.

17. Remarks by SAC:

Recommend continuance.

ELIJAH MUHAMMAD is the national leader of the Nation of Islam (NOI), an extremely nationalistic Negro organization whose male members participate in military drill and Judo training. The NOI regards the United States Government, the Caucasian race and Christianity as its enemies, and believes these enemies must be destroyed. The aim of the NOI is to unify the Negro race, to establish for the Negro a nation in this country free and independent of the white race, and to separate the races politically, economically and spiritually. MUHAMMAD has stated that the Negro should have a state or a group of states in the United States for his own.

The organization is considered potentially dangerous to the security of this country. This is based on the facts that the NOI teaches that the United States must and will be destroyed; that members of the NOI, upon interview, have stated they owe no allegiance to the United States and will not support the United States in time of national emergency as they do not consider themselves to be citizens of this country, but rather consider themselves slaves; and that members have in the past become engaged in physical violence with various police departments. MUHAMMAD has stated that if he had 500 loyal followers he could take over Chicago, and if he had 10,000 loyal followers he could take over the United States.

Continued utilization of this tesur can be expected to provide information regarding fund drives the NOI might conduct; to furnish information regarding activities, policies and programs of the NOI; to provide information as to the identities of various officials and individual members of the NOI who are in contact with MUHAMMAD; to furnish information regarding the personal help of ELIJAH MUHAMMAD; to provide information regarding the domestic difficulties of the family of ELIJAH MUHAMMAD; and to furnish information concerning the numerous businesses of the NOI, both present and future. It is felt that this tesur will be in a position to reveal the identities of any representatives of foreign governments who might be in contact with ELIJAH MUHAMMAD.

**18. Recommendation by Assistant Director:**

(If this surveillance involves cryptanalysis, include statement that decrypted material is or is not sufficiently important to continue decrypting.)

This technical surveillance, authorized 12-5-56, was installed 1-4-57 on the residence of Elijah Muhammad, 4847 South Woodlawn Avenue, Chicago, Illinois. Since the time of installation, this surveillance has furnished us with excellent information of intelligence nature concerning the activities of Muhammad, the national leader of the Nation of Islam (NOI) and the activities of the organization itself. The NOI is a all-Negro violently antiwhite organization which promulgates a doctrine that the Negro in the United States will some day occupy a separate black nation in North America. The activities of the NOI are under active investigation to determine whether the organization falls within the purview of Executive Order 10450 and may be in violation of other Federal statutes over which the Bureau has primary investigative jurisdiction. Investigations are being conducted in 34 field offices at this time.

This coverage, during the past 90 days, has provided extensive and detailed information concerning the plans and operations of the NOI. Information has been developed through this surveillance relating to: Elijah Muhammad's trip through the Near East and his efforts to exploit same; domestic difficulties involving Muhammad's family, which could conceivably be used in the future as a counterintelligence move; extensive information concerning the numerous business operations of the NOI; Muhammad's plans to publicize through Negro newspapers and small pictorial pamphlets the NOI doctrine; Muhammad's plans for future travels throughout the United States. This coverage also continues to furnish extensive data of a general nature concerning Muhammad and his followers.

Inasmuch as this installation continues to furnish us with extensive information relating to the NOI on a national level, which information is not available from other coverage we have of the organization, it is certainly serving a worthwhile purpose and it is strongly recommended that this coverage be continued for an additional 90 days.

[REDACTED] has indicated on several occasions since January 19, 1960, that ELIJAH MUHAMMAD is using this address as a "hide-a-way" and has given instructions that this phone number is not to be given out except on a highly selective basis.

b2

Chicago feels that, based on information as furnished by [REDACTED], only those individuals of leadership capacity in the NOI will be given this number and that any contact by these individuals with MUHAMMAD at this number will give information regarding policies and future plans of the NOI. Chicago also feels that any calls made by MUHAMMAD from this listing will possibly furnish information regarding plans by ELIJAH MUHAMMAD as regards both the NOI and his personal life. Chicago is of the opinion that a tesur on ELIJAH MUHAMMAD at this number could be of considerable value in determining the day-to-day activities of ELIJAH MUHAMMAD and his high-level contacts both on a personal and on an organizational basis.

Chicago, therefore, requests authority to conduct a survey on telephone listing HUDSON 3-6531, looking toward the possibility of the installation of a tesur.

17. Remarks (By SAC):

Recommendation continuance.

ELIJAH MUHAMMAD is currently residing 2118 East Violet Drive, Phoenix, Arizona. As of this date there is no indication that he plans to return to Chicago in the immediate future. Sources advised that RAYMOND and ETHEL SHARRIEFF, the Supreme Captains of the Fruit of Islam and the Muslim Girls Training, respectively continue to reside at MUHAMMAD's residence in Chicago in his absence.

ELIJAH MUHAMMAD is the national leader of the NOI, an extremely nationalistic Negro organization whose male members participate in military drill and judo training. The NOI regards the U.S. Government, the Caucasian race, and Christianity as its enemies, and believes these enemies must be destroyed. The aim of the NOI is to unify the Negro race, to establish for the Negro a nation in this country free and independent of the white race, and to separate the races politically, economically and spiritually. MUHAMMAD has stated that the Negro should have a state or a group of states in the United States for his own.

The organization is considered potentially dangerous to the security of this country. This is based on the fact that the NOI teaches that the United States must and will be destroyed; that members of the NOI, upon interview, have stated they owe no allegiance to the U.S. and will not support the U.S. in time of national emergency as they do not consider themselves to be citizens of this country, but, rather, consider themselves slaves; and that members have in the past become engaged in physical violence with various police departments. MUHAMMAD has stated that if he had 10,000 loyal followers he could take over the United States.

Continued utilization of this tesur can be expected to provide information regarding fund drives the NOI might conduct; to furnish information regarding activities, policies and programs of the NOI; to provide information as to the identities of various officials and individual members of the NOI who are in contact with MUHAMMAD; to furnish information regarding the personal life of ELIJAH MUHAMMAD; to provide information regarding the domestic difficulties of the

CONFIDENTIAL

family of ELIJAH MUHAMMAD; and to furnish information concerning the numerous businesses of the NOI, both present and future. It is felt that this tesur will be in a position to reveal the identities of any representative of foreign governments who might be in contact with ELIJAH MUHAMMAD.

As the Bureau is aware, [REDACTED] is also maintaining close contact with ELIJAH MUHAMMAD in Phoenix, Arizona. Dissemination of data received is being handled in accordance with Bureau letter of December 1, 1961, captioned "NATION OF ISLAM, IS - NOI." b2

[REDACTED] b2  
As the Bureau is aware, this source was discontinued on April 3, 1962. At the present time, there is no information available indicating that this source need be reactivated.

18. Recommendation by Assistant Director:

(If this surveillance involves cryptanalysis, include statement that decrypted material is or is not sufficiently important to continue decrypting.)

(X) (u)

This is a technical installation on the residence of the national leader of the Nation of Islam (NOI), Elijah Muhammad, 4847 South Woodlawn, Chicago, Illinois. It was authorized 12/5/56 and installed 1/4/57. The NOI is an all-Negro, antiwhite, semireligious organization which preaches extreme hatred of the white man. The NOI is under investigation, with Chicago as office of origin.

This surveillance has proven extremely valuable in covering the overall activities of the NOI, which is considered potentially dangerous to the security of this country. Information has been furnished regarding changes in NOI leadership around the country; contact with sympathizers in the British West Indies; public mass meetings scheduled by the NOI; contact with the NOI by World Heavyweight title contender, Cassius Clay; publicity by "McCall's" magazine; and traveling of Elijah Muhammad's son to Cairo, Egypt. This information is furnished on a current basis and greatly facilitates the handling of this case by the Chicago Office. It is expected that this surveillance will continue to furnish considerable valuable information and should be continued.

RECOMMENDATION:

That this installation be continued in view of information set forth above.

Chicago has requested authority to reinstitute a technical surveillance for the purpose of providing additional coverage of the activities of Nation of Islam (NOI) leader Elijah Muhammad during his stay in Chicago, and in particular, the contemplated meeting between Muhammad and Martin Luther King, Jr. Muhammad arrived in Chicago 2/13/65 and is expected to depart on or about 3/1/65. This additional coverage will be for this period only. This surveillance will provide coverage at Apartment 1, Floor 1, 8205 South Vernon, Chicago, Illinois, which apartment is utilized by Elijah Muhammad for business purposes.

Information has been received that efforts are being made to arrange a meeting between King and Muhammad which meeting will possibly take place at Chicago, Illinois, on 2/26/65. This meeting may also include Roy Wilkins, Executive Director of the National Association for the Advancement of Colored People, and James Farmer, National Director of the Congress of Racial Equality. Contacts to arrange this meeting are being made by [REDACTED]

It is noted that Muhammad left Phoenix 2/13/65 for Chicago. At that time technical and microphone surveillances at Phoenix were discontinued. We have authority to institute technical coverage of Elijah Muhammad from the Department which provides that this coverage may be extended to any location to which he may move. With the reinstitution of [REDACTED] this authority would be utilized and this action would not result in an increase of our technical surveillances since [REDACTED], the technical surveillance which provided coverage of Muhammad in Phoenix, has been discontinued.

It is felt that this additional coverage in Chicago is extremely desirable since it is expected to provide coverage of the meeting between King and Muhammad and also provide additional coverage of the Annual Muslim Convention which will take place in Chicago 2/26-28/65. This convention will include representatives from all NOI temples.

The Chicago Office maintains [redacted] a technical surveillance, for the purpose of covering the activities of Elijah Muhammad and the Headquarters of the Nation of Islam which he heads. [redacted] was installed on 1/4/57 [redacted]

The following are examples of the type of critical information received from the source:

[redacted] advised on 7/27/65 that 200 Black Muslims in British Guiana were interested in making contact with Nation of Islam Headquarters in Chicago. [redacted]

[redacted] advised on 8/17/65 that Elijah Muhammad refused to meet with or talk to Martin Luther King, Jr., regarding the riots in Los Angeles, California, or to make a statement of cooperation with King concerning this matter. This information was furnished to the military agencies and the Department. This gave a clear picture of the relationship between King and Muhammad and was not available from any other source at that time.

[redacted] advised on 8/14/65 that Elijah Muhammad advised the Los Angeles Nation of Islam members to stay out of the rioting zone and to stay away from riots. This clarified Muhammad's feelings toward Nation of Islam participation in riots and civil disorders. This gave the first reliable indication of what to expect from the Nation of Islam in the event of civil disorders.

Re: ELIJAH MUHAMMAD

CONFIDENTIAL

b2  
b7C [redacted] advised on 12/17/65 that the [redacted] in Newark, New Jersey, shot up and damaged the mosque after a police search to make it appear the police damaged the mosque in an act of deliberate harassment. This indicates the extreme to which the Nation of Islam leadership will go to implement their doctrine of race and law enforcement hatred, as well as their utter disregard for civic responsibility in an area where tensions already exist.

OBSERVATIONS:

In instances involving riots and civil disorders, the Bureau represents the only source of intelligence information available to the White House, military agencies and the Department in the racial field. The Nation of Islam represents a very real potential threat to the security of the Nation. It is a well-disciplined, nationwide, all-Negro organization whose primary doctrine is intense hate of the white race coupled with disrespect for law enforcement, which they say represents only the white race. This source covers the Headquarters of the Nation of Islam in Chicago, Illinois, which city is a center of racial unrest. Also, Martin Luther King, Jr., has selected Chicago as the first northern city to be subjected to a massive civil rights drive, which will undoubtedly aggravate the tense racial situation there. Should violence erupt, it is mandatory the Bureau have sources such as this to enable the Bureau to meet its responsibilities.

RECOMMENDATION:

In view of the propensity toward violence of the Nation of Islam, its explosive potential in a situation involving racial unrest anywhere in the Nation and the source's proven value in such instances, it is recommended [redacted] be continued.

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: ELIJAH MOHAMMED  
INTERNAL SECURITY - MCI

The Muslim Cult of Islam (MCI) is composed entirely of Negroes. Its leader, Elijah Mohammed, claims to have been sent by Allah, the Supreme Being, to lead the Negroes out of slavery. Members fanatically follow the teachings of Allah as interpreted by Mohammed; they disavow allegiance to the United States; and they are taught they need not obey the laws of the United States. Allegations have been received that its members may resort to acts of violence in carrying out its avowed purpose of destroying non-Muslims and Christianity.

It is believed that a technical surveillance on the residence of Elijah Mohammed, 4847 South Woodlawn Avenue, Chicago, Illinois, telephone Drexel 3-0966, will furnish not only data concerning the fanatical and violent nature of the organization, but also data regarding the current plans of the MCI to expand its activities throughout the United States.

It is, therefore, requested that authorization be granted to install a technical surveillance on the residence of Elijah Mohammed or any address to which he may move in the future.

Respectfully,

*J. Edgar Hoover*

The Director has asked who authorized the wiretaps on Martin Luther King, Jr., and Elijah Muhammad and has asked to see the original authorizations.

There was a wiretap on King's phone at his residence in Atlanta, Georgia, from 11/8/63 to 4/30/65 when he moved. Wiretaps of several days duration were also instituted at the Hyatt House Motel in Los Angeles, California, the Claridge Hotel in Atlantic City, New Jersey, and at a temporary address at 125 East 72 Street, New York City. A wiretap was instituted at the headquarters of the Southern Christian Leadership Conference (SCLC) in New York City on two occasions. All these wiretaps were on the authorization of Robert Kennedy, dated 10/10/63, which is attached.

In addition, a wiretap on SCLC headquarters in Atlanta, Georgia, was instituted from 11/8/63 to 6/21/66 on Kennedy's authorization dated 10/21/63, attached.

A wiretap on the residence of Elijah Muhammad in Chicago was authorized 1/2/57 by Herbert Brownell, authorization attached. It was installed 1/4/57. On this same authorization wiretaps were installed at additional residences of Elijah Muhammad in Chicago, Illinois, and Phoenix, Arizona.
